Where Most Recent German
Attack Started

ONLY RAIDING OPERATIONS

German Attacks Fails in Center of
Oise Area, French War Office
Reports Today

AMERICAN AIRMEN AT WORK

First All-Yankee Squadron Penetrates
Into Germany Dropping
Bombs on Military Works

(By United Press.)

Rome, June 14.—An Austrian attack designed to force the important Tonale pass was broken up by Italian forces, which drove the enemy back and inflicted heavy casualties, the war office announced.

Paris, June 14.—Fighting on the entire Oise-Marne front has simmered down to local action, the French war office reported today.

A German attack failed in the center of the Oise area. There was active cannonading on the 20-mile front between Villers-Cotterets forest and Chateau-Thierry. Elsewhere only raiding operations were reported.

"French patrols took prisoners west of Rheims and in the Champagne region," said the statement.

119 In Casualty List

Washington, June 14.—The war department today issued a casualty list totaling 119 names, divided as follows:

Twenty-nine killed in action, five dead of wounds, six of disease, three of accident, 71 wounded and five missing in action.

Clyde Miller, Montpelier, Ind., died of wounds.

Paul Grimmes, Greencastle, Ind., was wounded.

62 Marines Casualties

Washington, June 14.—Sixty-two more marines were placed on the country's honor roll today as a result of recent fighting in France. A casualty list issued today recorded eight killed in action, six dead of wounds and forty-eight wounded severely.

Oscar R. Cauldwell, Crawfordsville, was severely wounded in action.

Raid on British Front

London, June 14.—Raiding operations and artillery fire was reported by Field Marshal Haig today.

"A strong enemy party was completely repulsed southwest of Merris early this morning and a few prisoners were taken," the statement said.

"Several prisoners and two machine-guns were taken in patrol encounters northwest of Merville."

All American Air Squadron

With the American Army in Lorraine, June 14.—An American air squadron carried out the first all-American bombing raid yesterday, destroying certain German military establishments near Metz.

Eight airplanes dropped 10 bombs each on cantonment supply sheds and railways in the vicinity of Metz, Dommary and Daroncourt, returning in perfect formation without losing a machine.

Use Gas on Yankees

With the Americans on the Marne, June 14.—Following the first quiet night spent by the Americans in the Torcy-Bouresches for two weeks, the Germans began a heavy bombing.

MAY BE A U-BOAT VICTIM

Keemun, 9,000 Tons, is Believed to Have Been Sunk

(By United Press.)

An Atlantic Port, June 14.—Attack by a German submarine, the British steamer Keemun, 9,000 tons, is believed to have been sunk off the Virginia coast last night. There is no word of the fate of her crew.

A steamer arriving here from an European port today reported having picked up the Keemun's wireless calls for help. The Keemun was in British service.

DEFERRED CLASSES WILL BE REVIEWED

Army Selection Board and Appeal Agent Set Aside Next Week For Work Asked by Crowder

LEGAL BOARD NOT TO ASSIST

The Rush county army selection board and the government appeal agent have set aside next week to review the cases of registrants in deferred cases, acting upon instructions from Provost Marshal General Crowder. They will not be assisted by the legal advisory board, whose members felt such work was outside of their line of duty. The reopening of the cases of deferred classmen has been ordered all over the country because of the small proportion of registrants which were placed in class one.

Class one registrants in this county numbered less than twenty percent of the total number, but this is ascribed to the fact that more than 100 were placed in class 5, most of whom would have been in class one; also to the liberal policy of the district board in dealing with claims for deferred classification on agricultural grounds.

REGULATIONS FIX STATUS MARRIED MEN

If Married Since Jan. 15, 1916, New Registrants Will be Placed in Class One

IF MARRIED BEFORE, CLASS 2

(By United Press.)

Indianapolis, Ind., June 14.—Regulations setting forth the status of men registered for military service who had been married since the law was passed were received today at the state conscription office.

The regulations state that men married since May 18, 1917 will be placed in class 2 if they have a child dependent, born or unborn. Otherwise they will be placed in class 1.

Men who became 21 since June 5, 1917, if married since January 15, 1918, the date of the introduction of the bill in congress requiring youths attaining 21 to register, will be placed in class 1. If married before January 15, 1918 they will be placed in class 2 if childless, and if they have a child, in class four in most cases.

LOCAL SHRINERS GOING

A large delegation of Rushville Shriners will attend the reception at the Indianapolis Masonic temple Monday afternoon and evening. The affair is being arranged in honor of E. J. Jacoby, the imperial potentate, who has recently returned from New York where he attended the meeting of the Imperial Council. Work in the Shrine degree will be put on during the evening.

HAS NO EFFECT HERE

The Pennsylvania railroad has announced a change in time to take effect Sunday, but according to word received at the Rushville office of the company today, the division passing through here is not affected.

EACH TOWNSHIP IS ORGANIZED

Preparations For Active Work by Home Service Committee Are Made by Chairman Wyatt

WHAT DUTIES CONSIST OF

County Meeting Will be Held to Explain Them in Detail—Each Township is a Unit

Preparations for active work by the Rush county Home Service committee are being completed by George C. Wyatt, county chairman of the organization, which was created primarily for the purpose of securing information about men in the service.

A complete organization has been effected in every township of Rush county and Mr. Wyatt will arrange for a meeting at an early date for the purpose of explaining in detail the various lines of work which has been turned over to this department to execute. The rules and methods of procedure will be discussed at the county meeting in order that effective work may be done in every township.

The Home Service organization in Rush county will in all probability develop into one of the most important of war relief organizations in the county, due to the large number of men who have been called into service from here, and constant calls for assistance in securing the location of certain men who are in the service, are already received at the local headquarters.

Following the proposed meeting, however, when each township organization will have received complete information concerning the duties which they are expected to care for, the information about men in each township will be looked after by the township chairman, thus preventing confusion in the distribution of the work.

The township heads include the following: Mrs. S. L. Newson, Ripley; the Rev. J. L. Brown, Posey; Mrs. N. O. Gross, Walker; Robert Campbell, Orange; Edgar Thomas, Anderson; George C. Wyatt, Rushville; Jesse A. Leisure, Jackson; George B. Clark, Center; E. L. Alkin, Washington; Dr. J. E. Walther, Union; George Spillman, Noble; Roscoe Linville, Richland.

JOHN L. FINLEY IS DEAD AT CLEVELAND

Former Rush County Farmer Expires at Daughter's Home and is Brought Here For Burial.

FUNERAL SUNDAY AFTERNOON

John L. Finley, 72, a former Rush county farmer, died yesterday at the home of his daughter, Mrs. John Gordon of Cleveland, O., following an illness of several months. A complication of diseases incurred by his advanced age is believed to be the cause of death.

After the death of his wife a year ago, Mr. Finley went to the home of his daughter in Cleveland for a visit, and upon his arrival there, his health became impaired so badly that he was unable to return to Greenfield, where he had resided for fourteen years, having been employed as a rural mail carrier.

He is survived by three children, who reside here, John F. Finley, Mrs. Earl Winslow, Mrs. Lien Oneal, and one daughter, Mrs. John Gordon of Cleveland. The body arrived this afternoon and was taken to the home of Mrs. Oneal, where the funeral services will be conducted Sunday afternoon at 2:30. The Rev. Clyde S. Black will have charge of the services, both at the residence and at East Hill cemetery, where burial will be made.

ORDER COAL NOW IS ADMONITION

Message Brought Home from District Meeting by Fuel Administrator and Coal Dealers

TO AVOID CRISIS IS DESIRE

Consumers Should Get Deliveries Before September 1 After Which Shipments Will Be Slow

Rush county coal consumers, who wish to avoid a coal crisis similar to that of last winter, must secure coal deliveries before September 1, if they wish to be saved the anxiety of slow shipments.

The message which Rush county's coal administrator and coal dealers brought home from the district meeting of coal men which was held in Connersville yesterday was decided upon after a thorough investigation of the situation existing in Indiana, by the district representatives.

The fact that public utilities and large manufacturing concerns will not begin shipments for their winter supply of coal until September, offers individuals time to fill their bins previous to that date. After September, however, every available shipment will be directed toward the manufacturing concerns and other public concerns and it will be most difficult for retailers to secure large shipments.

Rushville coal dealers were well represented at yesterday's meeting. Aside from S. L. Traub, county fuel administrator, who took an active part in the afternoon's program, J. P. Frazer and Will Trennepohl, coal dealers of this city, William A. Lord of Mays, W. M. Bosley of Milroy and D. M. Walbridge of Arlington were in attendance. The most pleasing feature of the meeting was the hearty co-operation which exists in every county between the dealers and administrators. This promises to be one of the greatest weapons with which the coal crisis of the approaching winter will be overcome.

Although the hard coal situation was discussed, nothing definite could be learned and no light thrown upon the shipments for the winter.

NINE MEN REPORT FOR INDIANAPOLIS QUOTA

Will Leave Tomorrow Morning at 10:55 Over C. I. & W. to be Trained in Mechanics School

RICHARD L. POWER CAPTAIN

All nine military registrants who will go to Indianapolis tomorrow to be trained in a school for mechanics reported at the clerk's office in the court house this afternoon at one o'clock and Richard Lyle Power of Milroy was appointed captain of the increment. They will depart in the morning at 10:55 over the C. I. & W. railroad.

It is suggested that as many people as possible be at the train to wish the selectives well on their journey. No formal arrangements have been made to give the men a sendoff, but up to this time people have never failed to remember the boys who are going to the army. Four of this increment are being inducted voluntarily and the other five were selected.

FOOD RIOTS IN LEMBERG

(By United Press.)

Zurich, June 14.—Food riots occurred in Lemberg last Saturday it was learned today. Mobs plundered shops and military lorries loaded with supplies bound for the Italian front. Troops were called out and numerous arrests were made. The authorities asked for 5,000 additional troops.

TWO DIVISIONS IN FRANCE

Fully Equipped With American Made Arms and Ammunition

(By United Press.)

Washington, June 14.—Two complete American divisions fully equipped with American made arms and ammunition, are now in the fighting zone in France, members of the house military committee were told by war department officials today.

Two other divisions will be made up soon. These troops are in addition to those fighting with the French.

DAY OBSERVED BY DISPLAYING FLAGS

Although There Was no Public Demonstration, Flag Day is Remembered in Rushville

CORRECTLY PLACE OLD GLORY

Although there was no public demonstration in the city today signifying Rushville's participation in the national observance of Flag Day, the fact that flags floated from a large per cent of the residences in the city as well as the down town buildings indicated that the citizens were aware that today special tribute was being paid to the emblem of our country.

The Rushville patriots are "on their toes" in regard to flag etiquette was evident when hosts of flags, displayed in windows on badges, worn as an emblem and displayed with the allied flags were in most cases correctly placed. The fact that many people make the mistake of displaying the flags of the allies beneath the Stars and Stripes, was not evident here today when the display of the allied flags in several homes showed Old Glory and the emblems of the allies floating side by side.

JURY HEARS CASE AGAINST THE CITY

C. J. Bickhart Refuses to Pay Bill For Water and When Supply is Cut Off, He Files Suit

CLAIMS A FLAT RATE BASIS

A jury in circuit court today heard the case of C. J. Bickhart against the City of Rushville to compel the city to supply him with water. The plaintiff's side of the case was concluded before noon and it was expected the case would be given to the jury some time this afternoon.

Bickhart's contention is that he paid for water at the flat rate for a year and that after the city installed a meter and presented a bill, refused to pay because his year was not up, the city turned off the water and would not turn it on again. The city's defense is that it is compelled by the state commission to sell water only by meter and that a meter was installed as soon as possible; that the flat rate was accepted with the understanding that the water would be measured by meter as soon as one was installed, whether or not the year was up.

The jury was composed of the following: S. O. Norris, Ed Walker, Charles Hugo, W. A. Allen, Oliver Megee, Homer Cole, W. A. Caldwell, I. L. Clifford, Dan Kiplinger, Dave Alter, D. A. Farthing and Charles French.

300 DIE IN EXPLOSION

(By United Press.)

Paris, June 14.—An explosion in the gun works near Pilsen killed more than 300 persons and injured 700, according to information received today. The explosion was heard 150 miles.

MUCH IS LEFT TO BOARD'S JUDGMENT

Regulations Advise Use of Sympathy and Common Sense in Ruling on Idle Registrants Cases

COPIES ARE RECEIVED HERE

Compelling Domestic Circumstances Mentioned as Figuring in Non-Productive Occupation Cases

All reviews of the cases of military registrants thought to be affected by the new regulations, in effect July 1, providing for withdrawal of deferred classification and order number where they are alleged to be idlers or engaged in non-productive occupations, shall be reviewed by the district board as on appeal, regardless of whether the local board finds the order number and deferred classification, if any, shall be withdrawn.

This is one of the important provisions in the regulations, copies of which have been received by the county army selection board. It makes no difference what was the decision of the local board is with reference to the employment or non-employment of the registrant, all the records in the case shall be sent to the district board, which may affirm or reverse the decision of the local board.

As in the case with all of the draft rules and regulations, much is left to the discretion of the local board. The newest regulations say the board must consider the cases of withdrawn deferred classifications and late order numbers with "sympathy and common sense." They point out the designation and definition of non-productive occupations and employments may be extended from time to time as necessity may require so as to include persons in other occupations.

It is set forth that sickness, a reasonable vacation or lack of reasonable opportunity for any employment in occupations on those on the black list, shall be accepted as a reasonable excuse for temporary idleness; also temporary absences from business, so long as they are not habitual. Compelling domestic circumstances that would not permit change of employment shall be considered in acting on the cases of men in nonproductive occupations.

The regulations set forth what are regarded as unessential occupations, which are in substance the same as those given in press dispatches a few weeks ago. This is the exact wording of the regulations in listing nonproductive occupations:

"Persons engaged in the serving of food and drink, or either, in public places, including hotels and social clubs;

"Passenger-elevator operators and attendants; and doormen, footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office buildings and bath houses;

"Persons, including ushers and other attendants, engaged and occupied in and in connection with games, sports and amusements, excepting actual performers in legitimate concerts, operas or theatrical performances;

"Persons employed in domestic service;

"Sales clerks and other clerks employed in stores and other mercantile establishments."

The regulations define idleness in the following languages:

"If a registrant is idle, he, of course, is not occupied or employed at all, and his status of idleness furnished ground for the withdrawal of his deferred classification or late order number; and the regulations applicable to idle registrants shall be deemed applicable also to gamblers of all descriptions and employees of race tracks and bucket shops, and to fortune tellers, clairvoyants, palmists and the like who

This Reo Six At \$1550 Is Even Greater Value Now

ALWAYS THE GREATEST buy in the six cylinder, seven passenger class, the value of the Reo Six is now by comparison with all others, enhanced at least 25 per cent.

PRICES OF OTHER CARS of similar power and passenger capacity—but not of Reo quality—have advanced from time to time, till now you must pay several hundred dollars more for them.

THE REO FOLK have steadfastly refused to advance the price of this great Six despite the constantly increasing cost of production.

BUT ON JANUARY FIRST, the factory informs us, there will have to be, and will be, a substantial increase in price.

THIS IS IMPERATIVE because with present prices of materials, shortage and cost of labor and of all supplies, there is no longer a safe margin in this big Six at \$1385.

JUST HOW MUCH the increase will be the Reo Folk cannot tell us at this time. Conditions change daily and nobody can gauge the future accurately.

CERTAIN IT IS however, that it will be a considerable advance.

WHEN YOU CONSIDER that prices of all other commodities—even of staples—have advanced 50 to 100 per cent and more, while prices of Reo cars are today just what they were two and a half years ago, you will see why a longer adherence to these prices is impossible.

WE HAVE FAIR WARNING—and we pass it to you—that on January First the new prices will go into effect.

AND MEANTIME all bona fide orders for Reo Sixes on which delivery date is prior to December 31st will be filled at present prices.

OF COURSE the number is limited to each Reo dealer's quota—and we know just what our limit is.

WHEN WE HAVE orders for our full allotment up to and including December 31st, we must decline further orders save on the condition that such orders will be filled at prices prevailing on date of delivery.

YOU'LL MAKE MONEY—a handsome interest on the investment by placing your order now.

NEVER WAS AS GREAT VALUE anywhere, at any time, as in the Reo Six at its present price. And now the value is greatly enhanced by comparison not only with others, but with its own sterling self.

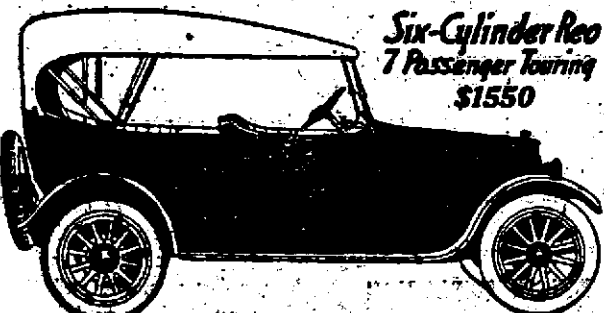

DON'T DELAY. Nobody knows what you may have to pay for automobiles in the next few months. Production is cut almost one half—demand greater than ever. He who hesitates now—loses.

ORDER NOW—there's no time to lose if you'd be among the few.

CUNARD LINER IS ASHORE

With 182 Persons Aboard, Afeania
is Floundering Off Roseblanche

(By United Press.)
St. John, Newfoundland, June 14.—With 182 persons aboard, the 9,000 tons Cunard liner Afeania is ashore near Roseblanche. There is no definite word yet as to her exact location or condition. Rescue vessels have started out from several ports. Those aboard include 8 passengers and 174 of the crew.

MUCH IS LEFT TO BOARD'S JUDGMENT

Continued From Page 1
For the purposes of these regulations, shall be considered idlers."

Methods of procedure for local and district boards in taking up the cases are provided. Local boards shall not set a date for a hearing less than three or more than seven days after the date of notice given the registrant to appear and show cause why he should not be inducted into military service at once because of being an idler or engaged in a nonproductive occupation. The board of original jurisdiction may investigate the cases of any of its registrants, no matter if they are not in the board's territory at the time. Local boards without original jurisdiction may investigate the case of any registrant, but they are compelled to send a record of the hearing to the board of original jurisdiction, which is not bound by the decision, but may conduct a further investigation if it is thought best.

Appeals to the president from the decision of the district board are provided for as in the cases of original classification.

DECREASE IN U-BOAT LOSS

(By United Press.)

Paris, June 14.—A notable decrease in the number of submarine sinkings in the western and central regions and the English channel has been evident since the blocking of the Zee Brugge and Ostend harbors it was announced today.

TWO MISSIONARIES DELIVER ADDRESSES

C. M. Yocum, Former Pastor, and
W. C. MacDougall, "Living Link"
of C. W. B. M. Speak Here

PITCH-IN SUPPER IS SERVED

The attitude of a child as compared to that of a man in viewing the world's tasks, was discussed last night at the Main Street Christian church by W. C. MacDougall, a missionary worker from India.

The meeting was one of the largest mid-week affairs held at the church for some time and following the address of Mr. MacDougall, the "living-link" of the C. W. B. M. of this city, C. M. Yocum, former pastor of the church, addressed the meeting on work in home mission fields. An informal pitch-in supper was served by the missionary society of the church and the Young Ladies Circle previous to the meeting at which two hundred guests were entertained. The meeting was most unusual due to the fact that the two speakers, among the most prominent foreign and home missionary workers in the Christian church in this country, were in this city at the same time. Neither was called here on any special mission.

JAMES SAGE ADVANCES RAPIDLY IN THE ARMY

Former Milroy Postmaster Now on
Detached Duty as Machine Gun
Instructor at Camp Hancock

WENT TO SHELBY WITH CO. L

James Sage, former postmaster at Milroy, has made rapid strides in the army since enlisting less than a year ago. He is now stationed at Camp Hancock, Augusta, Georgia, as an instructor in the machine gun school.

Corporal Sage is thirty-two years old and is married. He tried several times to enlist in the army but was turned down. Finally he was accepted in Company L of the old Fourth Indiana infantry. He went to Camp Shelby, Miss., when the Indiana National guard was sent south for training last August.

Corporal Sage volunteered for machine gun work and was assigned to the first battalion in the machine gun school. He was the only non-commissioned officer selected from the school to take instruction under a British major and now he has been assigned on detached duty to act as an instructor in machine gun firing and range finding at Camp Hancock. This camp will be the main machine gun school in America and there will soon be 100,000 men in training there.

JACK WEVIE IS DISCHARGED

Man Who Caused Authorities so
Much Trouble Physically Unfit

Jack Wevie, with whom local civil and military authorities had so much trouble, has been discharged from the army as physically unfit, according to information received by the local army board. Wevie was put in jail for failure to register and held for induction into the army. He escaped when Omer Smith sawed his way out, but was later captured and sent to Camp Taylor, April 27. He left Camp Taylor, but was caught here and sent to Fort Benjamin Harrison.

OFFICERS ARE AT SHERMAN

Capt. Perry Oneal and Lieut. Harry
Petty Transferred from Taylor

Capt. Perry Oneal and Lieut. Harry Petty, former Rushville boys, who have been in command of infantry units at Camp Taylor since the completion of their training course at Ft. Harrison, have been transferred to Chillicothe, O., where they will continue the training of men at Camp Sherman. The entire eighty-fourth division of infantrymen has been transferred from the Kentucky to the Ohio camp.

—Herbert Inlow who has completed his freshman year at Indiana university, left today for Chicago where he will begin his medical course in the Cook county university.

—Dr. Sarah Jackson of Greensburg is the guest of her sister, Mrs. A. N. Marlatt of West Seventh street. Mrs. Jackson who was visiting in Jeffersonville recently, was enroute to her home when she sustained a broken arm.

BEGINS MILITARY WORK

Lieut. Claude Stanley Assigned to Inspection Work

Lieut. Claude Stanley of Newcastle, formerly owner of the Stanley Automobile company of this city, who was commissioned recently, has begun active work in the United States military service.

The lieutenant has been ordered to Peoria, Ill., to receive instructions and begin his inspection work with the Hope tractor company, one of the firms engaged in building the caterpillar tractors which pull the big guns on the western front in France. Lieut. Stanley has recently returned from Washington where he was in consultation with managers of the Hope manufacturing firm.

The M. B. Thresher company of Frankfort, Ind., has sold many stamps to the employees. They started the enthusiasm among their men by placing a thrift card containing one stamp in each employee's envelope at the beginning of the W. S. S. campaign.

WEATHER IN AMERICA WATCHED OVER THERE

It May Vitally Affect Operations on "Frontier of Freedom" Observers Declare

SUMMARY CABLED OFFICERS

Washington, June 14.—Even the weather in the United States is being watched from the western battle front in France. Like other events over here, such as the mobilization of man power and the conservation of food, the weather in the United States may vitally affect operations on the "frontiers of freedom."

Once every 24 hours a summary of weather conditions in the United States is cabled to officers of the Army who formerly were officials of the United States Weather Bureau.

The reason is that marked conditions of the weather in this hemisphere are likely to be reflected in the other, and the reason for that is the trend of the atmosphere toward the east. As the world revolves from east to west the atmosphere in mid latitudes tends to move constantly toward the rising sun. A great storm in this country may have its counterpart in greater or less degree in Europe some days later. Fair weather on this side may mean fair weather over there within the week. Supplied with this, in addition to local information, the officers of the weather over there are aided in forecasting conditions favorable for airplane activity, artillery work, or other military operations.

IS WAR NURSE IN ENGLAND

Miss Lora B. Roser, Former Visiting Nurse, Here is at Winchester

"We are all happy and busy," was the message which friends in this city received today from Miss Lora B. Roser, former visiting nurse in this city, who is engaged in Red Cross work in Europe.

Miss Roser who is well known here has been across the sea for several months and is at present doing work in the Hursley hospital near Winchester, England, where wounded soldiers are returned from the battlefield to recuperate. The letter was written on Mothers Day and an account of the beautiful service which marked the day there was contained in the letter.

TWO TRAINS CARRY TROOPS

Go North on Big Four This Morning, Coming From Texas Camp

Two more troop trains went north on the Big Four this morning shortly after six o'clock. One of them carried fifteen car loads of soldiers and the other thirteen. The troops were not as hilarious as those who have been passing through recently. They were tired from riding so long, people who saw the train said, having come straight through from Texas.

RUSH COUNTY BOY IN SPEEDING UP PROGRAM

Horace Newsom Ordered to New York to Take Charge of Production of Radiators

ATTACHED TO SIGNAL CORPS

With the selection of Horace H. Newsom as director of the production of radiators for Liberty motors for the government, a former Rush county boy has been placed at the head of one of the "speeding up" departments of the war department.

Mr. Newsom, who is the son of Mr. and Mrs. Daniel W. Newsom of Ripley township, has been ordered to New York where he will take up his work in the government service at once. For several years Mr. Newsom has been director of purchases in the Perfection Spring division of the Standard Parts company located in Cleveland, O. He will be attached to the signal corps of the army in a civilian capacity, having signed an agreement to hold the position for six months. Mr. Newsom's position in the speeding up program of airplane motors is one of vital importance.

Hoosier Beauty—Comes with Hinged Doors or Roll Doors

Tomorrow

The Hoosier Sale Goes On

When This Shipment Is Gone, No More at This Price

A Hoosier Cabinet for as Little as \$22.00.

SANITARY BASE, PURE ALUMINUM TOP, WHITE ENAMEL INSIDE. YOUR MONEY BACK IF YOU ARE NOT DELIGHTED.

As it is, there are less than 18 cabinets to be sold at the price we offer, and the Hoosier Company has warned us that prices must go up when the sale is over.

We could have marked these cabinets at the coming price and made an extra profit on every one. But we bought at a bargain and are selling at a bargain. Our aim is to win new customers by giving women this money.

Vital Features Exclusive Hoosier Ideas

The Shaker Flour Sifter sifts flour 4 times faster than most, and shakes it out light and fluffy.

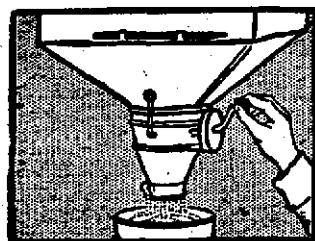

The Over-Size Base has 21 per cent more space for pots, pans, etc.

The Two-Way Sugar Bin holds twice the ordinary amount.

The Revolving Rack of 7 air-tight dust-proof spice jars, is also exclusive.

The Motion-Saving Arrangement is the result of scientific motion study.

The Uncluttered Cupboard gives twice the average work space.

That Extra Daylight Hour Don't Spend it in Kitchen Work

Long before the Government ordered every clock set ahead, the Hoosier Cabinet was saving daylight hours for more than a million women.

Hoosier is a Labor-Saving Machine, a Kitchen System and Germ-proof Food Container combined.

It saves steps, food and work. It gives you time for Red Cross Knitting and other war service. It will serve you every day for life.

Remember, more women will want these cabinets than we can possibly supply. Only by coming here tomorrow without fail can you be SURE of getting one.

Brilliant Authorities At Your Service

Only the Hoosier brings you the valuable assistance of the Hoosier Council of Kitchen Scientists composed of leading household authorities. They are:

Mrs. Christine Frederick, Household Efficiency Authority, N. Y.

Mrs. Janet McKenzie Hill, Principal Summer School of Cookery, N. H.

Miss Fay Kellogg, Household Science, Architect, N. Y.

Miss Alice Bradley, Principal Miss Farmer's School of Cookery, Mass.

Mrs. H. M. Dunlap, Domestic Science Lecturer, Illinois.

Mrs. Nellie Kedzie Jones, Household Consultant, Wisconsin.

Mrs. Alice R. Dresser, Consultant of Household Administration, Mass.

Geo. C. Wyatt & Co.

NOT DUE TO SEX ALONE

Rushville Women Have Learned The Cause of Many Mysterious Pains And Aches

Many women have come to know sex isn't the reason for all back-aches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well-recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug store. I started using Doan's and the pain in my back soon disappeared."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv.)

Creel With Us Again

George Creel, chairman of the federal committee on public information, is with us again. This time he comes to congress on bended knee—not as a critic of the actions of the representatives of the people—asking for two million dollars to pay the expenses of his committee. Formerly these expenses were paid out of the special fund of \$100,000,000 which congress furnished the president, but the method of sustaining the committee has been changed.

Creel has to explain what it costs to run a bureau such as his, a demand which has been made frequently on the floors of congress. His first appearance before the appropriations committee of the house resulted in a grilling of Creel for eight hours—and the committee did not get through.

The element in the house that looks with disfavor upon Mr. Creel is preparing to assail the worth of his committee. Mr. Creel first brought criticism upon himself by publicly expressing thanks because America was unprepared to go to war. Later he accused Representative Allen T. Treadway of knowingly making misstatements. Recently he was under investigation by the house committee on rules for saying in New York that "he did not like slumming and therefore would not inquire into the heart of congress." That investigation is still pending. Now that congress is asked to furnish the committee money, it is expected that the debate over the appropriation will be exciting and caustic.

All Races in Foch's Army

To say that the whole world is in arms against the Teutonic outlaws is to be less extravagant than might be supposed. All the nations outside of the Teutonic alliance have not joined the Allies, but it is literally true that representatives of practically every race in the world are serving under Generalissimo Foch. Among the whites with our European allies are French, Italian, English, Scottish, Welsh, Irish, Canadian, Australian, New Zealand, Portuguese, Scottish, South African (of both English and Dutch descent) while in the American army there is

not only the blood of all the white races named but of practically every other nation of Europe, all branches of the white race being thus represented in the total.

The yellow, red and black races are also widely represented. The Asiatic elements include volunteers from the native states of India, representatives from the French colony of Cochinchina, from Annam, Cambodia, Tonkin, Laos and Kwang Chau Wan. Both England and France are employing blacks from central and south Africa as well as from the north African races. Both Canada and the United States have enlisted Indians and our negroes are largely represented. Several of the Polynesian races are also represented, as the Maoris and Samoans. Adding the Teutonic blood in our own army, the Russian volunteers in France, etc., etc., it may be said that the army fighting for civilization under Foch represents the whole human race.

It doesn't pay to lie to the United States food administration.

Proof of the assertion is to be found in the case of Zaratofetis brothers, of Clinton, Ind., who were given plenty of time off from their business of making ice cream and candy to repent of their perjury in an affidavit filed with the sugar division of the Indiana food administration. Their business was closed and they were warned that further offense means the certification of the facts to the United States district attorney.

Zaratofetis Brothers applied to administrator for Indiana for 9,100 pounds of sugar. They made affidavit that they had no sugar in transit and had bought none on contract. This was on June 11. The next morning the Indiana food administrator received a letter from the W. A. Havemeyer Co. of Chicago that it had shipped to Zaratofetis Brothers, 2,000 pounds of sugar on their contract made in May.

W. S. Wait, county food administrator for Vermillion county was directed by Dr. Barnard to close the business of the firm and to warn them against further violations and the risk they are taking of prosecution for perjury in addition to the violation of the food control law.

The sugar distribution plan is intended to prevent just such abuses, Dr. Barnard stated today and no consideration will be shown firms found guilty of similar practices.

Cole Blease of South Carolina announces that he will be a candidate for the United States Senate. Probably figures on a fuel shortage next winter and calculates he could raise the temperature at Washington.

The members of that German firm manufacturing aviators' goggles, who produced that reduced vision by fifteen per cent, should, be made to look through bars.

Diamonds are said to be cooler than paste imitations. But they usually produce the opposite effect upon the recipient.

In regard to the demoralization of our aviation program, would it be right to characterize it as "up in the air?"

Better feed the boys over there now if we don't want to feed the Germans, later on.

"Czernin lied," said Clemenceau. Truly, brevity is the soul of wit.

SHOULD BUY FERTILIZER

Farmers Should Make Needs For Fall Wheat Now.

Washington, June 14.—Farmers are urged by the United States department of Agriculture to place orders at once for fertilizer needed for fall wheat. It is very important, according to W. W. Mein, assistant to the secretary of Agriculture in charge of the licensing of fertilizer concerns under the food control act, that dealers and manufacturers know farmers' needs as soon as possible, so that orders can be combined and car space used to the best advantage. Transportation difficulties require that freight cars be loaded to their rated capacity. Delay in ordering, it is said, may result in a repetition of last spring's experience when many farmers failed to receive their mixed fertilizer and acid phosphate until after planting.

URSULINE STUDENTS BENEFIT RED CROSS

Local Girl, Student at the Academy Will Participate in Jeanne D'Arc Pageant

PROCEEDS TO MERCY FUND

The Ursuline of old "St. Martin's," the famous Brown County, O. school where several Rush county girls have been educated has made the annual commencement exercises this year in part, a benefit for the American Red Cross in which Miss Catherine Caron, daughter of Mr. and Mrs. Charles Caron, of this city, who is now a student there, will participate.

A beautiful outdoor Jeanne d'Arc Pageant has been prepared for the evening of June 17, preceding Commencement Day, and the care the Ursuline Sisters invariably bestow upon such entertainments insures those who attend, a spectacle of unsurpassed beauty. All the features of the natural landscape are made to figure in the Pageant. The siege of Orleans takes place around the pretty little lake that adorns the grounds. The gray stone Gothic chapel appearing among the trees, will suggest the Cathedral of Rheims where King Charles is crowned. Miss Margaret McIntyre of Columbus who plays the part of Jeanne is to drive real sheep across the path at her cottage door, and ride a real horse in the triumphal procession. The electric and pyrotechnic effects for the occasion are gifts of Mr. Robert Wolfe of Ohio State Journal.

Costuming, staging and coaching has all been done by the nuns at St. Martin. The text for the play has been translated from the French by one of the Ursuline Sisters and adapted from Wallon, Secretary of Academy of Inscriptions in Paris, and in every detail the Pageant adheres closely to authentic history. No outside touch of romance is needed for the story of the great patriot—Joan of Arc.

Automobile parties are welcomed from all directions. The school of the Brown County Ursulines is conveniently reached on good roads from Cincinnati, Columbus, Chillicothe, Dayton, Wilmington.

BUYERS FROM SEVEN STATES ATTEND SALE

Proceeds of Jersey Cattle Auction on R. J. Hall Farm Thursday Amount to \$7,040

\$600 IS THE BANNER PRICE

More state were represented among buyers at the Jersey cattle sale yesterday at the R. J. Hall farm north of the city, than at any similar sale in this county during recent years.

Cattle buyers from all parts of Indiana, Kentucky, Missouri, Ohio, Alabama, Wisconsin and Mississippi attended the sale, the proceeds of which amounted to \$7,040. The banner price paid for any of the cattle was \$600 for a registered jersey cow belonging to the herd of R. J. Hall. The second largest sale amounted to \$475, constituting the sale of a cow of the herd of L. A. Green of Dayton, Ill. whose sale was conducted simultaneously with that of Mr. Hall.

Forty-seven head of cattle were sold by Col. D. L. Perry of Columbus, O., auctioneer, and J. V. Cotta of Crawfordsville, sale manager.

Oldsmobile Eight Cylinder Touring Car

The Eight Cylinder Oldsmobile occupies distinctly a place of its own in the ranks of motor cars. Attractive in design, remarkable for completeness of appointments and refinement of finish, it combines unusual power with ease of operation and economy of maintenance. These with many more good qualities assures the owner satisfaction far out of proportion to the moderate investment. Such a car will be a source of happiness, service and pride for many years.

C. H. (Nick) TOMPKINS

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some with blackheads, some dry and rough, some smooth and gray, some smeared with rouge, some streaked with heavy make-up powder and some in a while you will see one that is a demonstration of intelligence from every point of view. The color is rose, the skin is clear and smooth, the pores are small and open, the powder does not show on the skin. Vigorous skin. Every woman can have a good complexion if she will only use a little common sense. If you would acquire real beauty, the beauty of perfect health, you must replace your worn-out nerves with health. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods there are other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-faren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of leucemia and iron poisons as combined in Bio-faren removes the poisons, aids nutrition and invigorates the patient. And Bio-faren in its pellet form is easy and palatable to take—no liquid.

from discoloration of the teeth, no unpleasant taste. There is no secret or mystery about Bio-faren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic. The action of Bio-faren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied. There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-faren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Insecting booklet may be had for the asking. Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Sentalin Remedies Co. Inc., Cincinnati, Ohio.

With The Churches

St. Paul's Methodist Episcopal church, the Rev. Clyde S. Black, pastor: Sunday will be Children's Day in the church. An interesting program prepared by the Sunday schools will be given at 10:00 a. m., and will cover the morning preaching hour. Children may be presented for baptism at this service. The special offering will be for the student's loan fund of the board of education. Junior League at 3 p. m. Epworth League at 7 will be led by Miss Leah Flint: special music. At 8, the pastor will preach on the theme, "The Story of a Wayward Youth." Van de Water's beautiful composition, "The Penitent" will be sung at this service. Everybody is cordially invited to be present.

Arlington Methodist church: Bible school, 9:30 a. m.: preaching by the pastor, 10:30, subject, "The Stewardship of Brains." Those who are irregular are earnestly invited to meet with the regulars on this occasion to plan for future services. The congregation has accepted the invitation to attend the Children's Day exercises at the Christian church in the evening. Epworth League is held on Thursday evening each week.

First United Presbyterian, pastor, the Rev. John T. Aiken. Morning service will begin at 10 a. m. with Sabbath school meeting at 10 and preaching following without any interval of time, on the subject, "Jerusalem—What It Stands For." Young Peoples meeting at 7 p. m.: preaching at 8 p. m., subject, "Little Faults That Spoil Our Lives." Congregational prayer meeting Thursday evening at 7:30.

The First Presbyterian church: 7 a. m. "Quiet Hour." 9:30 Bible school: 10:30 Divine Worship, sermon, "The Old Gospel in the Great War." 8 p. m.: evening worship, sermon, "What Jesus Taught Us About God." special music by the choir at both services. Thursday 8 p. m., prayer meeting.

The Bible school of the Main Street Christian church meets at 9:15. At 10:30 the pastor will speak on "The Moral Meaning of the Cross" and at the evening hour on "The Second Coming of Christ." Mid-week prayer and praise service Thursday at 8, led by Mrs. G. P. McCarty. At the evening service the orchestra and chorus choir will assist in the musical program.

First Baptist church, the Rev. C. J. Bunnell pastor: Sunday school at 9:30, public worship at 10:45 a. m. and eight o'clock p. m.: subject for the morning sermon, "The Life With Christ After the Victory is Won." "The Grace Sufficient" will be the subject of the evening sermon.

Homer Christian Union: the Rev. P. O. Ortt, pastor: Sabbath school at 10 a. m.: Preaching at 11 a. m., theme—"Our Crisis." evening worship at 8 p. m., theme—"Why do Men Swear?" Christian Endeavor each Thursday evening at 8:30 p. m. Public invited.

The services at St. Mary's Catholic church will be conducted by the pastor, the Rev. M. W. Lyons. Morning services at eight and ten o'clock with vespers and benediction at three o'clock in the afternoon.

Franklin Methodist: preaching by the pastor at 2:30 p. m., which will be a re-opening service since improvements have been made on the building.

The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

AT FLAG DAY EXERCISES
The flag day exercises which were conducted by the Indianapolis Elk lodge were attended by prominent Elks from this as well as surrounding states. A program was given in the Elks home there and was attended by Charles Frazee, Harrie Jones and Dr. Will C. Smith of this city.

VETERANS NOTIFIED OF PENSION INCREASE

Soldiers in Civil War Are Informed About Provisions of New Law by Congressman Elliott

TO RECEIVE AS HIGH AS \$40

Veterans of the civil war in Rush county have been notified by R. N. Elliott, congressman from this district, of the passage by congress of a law increasing pensions to as high as \$40 a month. The highest pension paid up to this time has been \$30 a month.

Under the terms of the new law, a soldier who served ninety days or more in the civil war, will receive \$30 a month, and in case such person has reached the age of 72 years and served six months, he shall be paid \$32 a month. Soldiers who have a record of one year's service hereafter will receive \$35 a month. Those who served one and a half years will get \$38 and those who were in the service two years or more will be paid \$40.

The act is not construed to reduce any pension already being paid. It provides no fees shall be paid claim agents or lawyers except in cases of applications for original pension by persons who never before received any.

SEEMS TO HOLD RECORD FOR GOING ACROSS SEA

Donald Inlow of Manilla Starts to England About Eight Weeks After Being Sent to Camp

HOME GUARD TRAINING HELPS

Donald Inlow, of Manilla holds the record among Rush county selected men for a speedy completion of American training, which resulted in his transfer to England.

On Saturday, March 30, Uncle Sam called the young man into military training but unlike the usual long drawn out training course which in most cases has composed months, before the first move is made young Inlow was on his way across the ocean before a number of the other men, who were taken into service at the same time, had recovered completely from the numerous inoculations. For some time before his entry into the service, he had been actively engaged in the Home Guard drills at Manilla, and acting as a drill sergeant, he had acquired the bearing of a veteran before he entered the army. Inlow went from here with an increment of selected men to Camp Taylor, Ky.

Days Pickings

Mrs. C. J. Bunnell of North Morgan street is seriously ill.

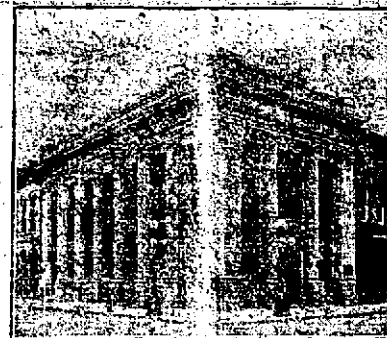

William P. Meyers who has been employed as foreman at the Arbuckle machine shop, has resigned his position there and will leave soon for residence in Indianapolis.

A nine pound boy was born to the wife of Lee Thomas, last night at the home of Mrs. Frazier Johnson in North Perkins street. The child has been named, William Frazier, for both of the grandfathers.

Raymond Vredenburg, son of Mrs. F. L. Vredenburg of this city, who spent the winter in Florida and in the east, has taken a position in the District National bank at Washington. The position occupied by the former Rushville boy comes under the scope of civil service.

W. C. Wiley, teacher of science in the local high school previous to his induction into the army on December 15, has been transferred from the quartermaster corps in which he enlisted, to the chemical service, and is at present working in one of the government laboratories in Washington on the problems of gas and flame of offense and defense.

WORK IN M. A. DEGREE
There will be a called meeting of Phoenix lodge No. 65, F. & A. M. for the purpose of conferring the M. A. degree. Friday night at 7:30 o'clock. Visiting Masons are welcome.

BROWN BROS. GROCERIES

Society

The feature of the all day meeting of the Willing Workers of the M. P. church of New Salem, Wednesday at the home of Mrs. Harry York was the splendid pitch-in dinner which was served at noon. The table was centered with a large bouquet of pink roses, in plateau effect, and roses were also used in the decoration of the dining room, thus carrying out a color scheme of pink and white. During the afternoon, an interesting program was given, led by Mrs. Fannie Holden, president, followed by a short business session, when five new members were enrolled in the society. The guests included Mrs. Anna Hardwick and daughters, Ruth and Esther and son, Mrs. Clara Perkins, Mrs. Emma Breveshaugh, Mrs. Ollie Gruell and daughter, Lorina, Mrs. Chaney and daughter Lona, Mrs. Charles Gruell, Mrs. Glen Miller, Mrs. Bert West, Mrs. John Mock, Mrs. Vada Hildreth and daughter Hazel, Mrs. Fannie Holden, Mrs. Altha Hasty and daughter Mary, Mrs. Bonnie Mock and daughter Georgia, and son John, Mrs. Emma Timmema and son Leonard, and daughter Dorothy, Miss Lula Brown, Mrs. Minnie Kennedy and son Jesse, Mrs. May Winkler, and Mrs. William Brown and sons William Edward and Russell Lowell.

Efficiency Of Women Pronounced

Versatility of Rush County Women Evident in Tabulations of Registration For War Work Which Shows That Almost Five Thousand Have Registered For War Work.

The versatility of Rush county women is evident in the tabulations of the recently completed registration of women for war work, which shows that in the neighborhood of five thousand women have registered as competent in every conceivable work, many lines of which have been thought foreign to the feminine mind.

The work which was one of the largest tasks of the kind ever undertaken by Rush county women, was under the direction of Mrs. Louis Lambert, assisted by Mrs. A. L. Stewart. With the exception of Richland township where no registration was taken, the women met with success on every side, each of the out townships registering between two hundred and three hundred and fifty women.

The eager desire to learn work which might render the registrants of use to the government, was evident among women who expressed a wish to enter classes for training in war activities such as aviation, wireless, signaling, stenography, telegraphy and nursing.

Three thousand, five hundred registrants offered their services to the country for the period of the war and fourteen registrants, displaying real patriotism offered to share their homes with widows and orphans during the war period if necessary.

The tabulations show a registration of 2,000 poultry raisers, 200 stock raisers, 600 fruit raisers, 500 dairy women and two hundred managers of farms, and in addition to this unusual display of ability among Rush county women, more than three hundred women stated that they were able to earn their own living in their homes by following some of the above pursuits.

In industrial pursuits 876 women registered, and of this number two hundred and fifty signed up as saleswomen to take the places of men made vacant by the draft law. Almost five hundred women registered in branches of the various professional lines. The number of women proficient along these lines in the county was surprising as all branches signify training in difficult courses.

The enrollment in public service contains the names of 282 registrants enrolling as mail carriers, telegraphers, telephone operators and motor drivers. One of the most popular branches of enlistment, however, among Rush county women is the social service, in which 2,363 women registered. Of this number however, 2,200 registered for Red Cross work.

In the registration in clerical lines, the efficient Rush county girl and woman came to the front in full force and the number of accountants, book keepers, clerks and office managers, typists and stenographers passed the 650 mark.

One of more registrant proficient in all of the trades mentioned was also found. Women from Rush registered in leather, hat, metal, needle, paper, textile, wood and tobacco trades.

rolled in the society. The guests included Mrs. Anna Hardwick and daughters, Ruth and Esther and son, Mrs. Clara Perkins, Mrs. Emma Breveshaugh, Mrs. Ollie Gruell and daughter, Lorina, Mrs. Chaney and daughter Lona, Mrs. Charles Gruell, Mrs. Glen Miller, Mrs. Bert West, Mrs. John Mock, Mrs. Vada Hildreth and daughter Hazel, Mrs. Fannie Holden, Mrs. Altha Hasty and daughter Mary, Mrs. Bonnie Mock and daughter Georgia, and son John, Mrs. Emma Timmema and son Leonard, and daughter Dorothy, Miss Lula Brown, Mrs. Minnie Kennedy and son Jesse, Mrs. May Winkler, and Mrs. William Brown and sons William Edward and Russell Lowell.

One of the most delightful social affairs to occur in this city for some time was the informal dance which was given last night in the Modern Woodman hall in West Third street. Carrying out the patriotic color scheme which prevailed through the room, the lights were shaded with ribbons of red, white and blue paper which cast a soft glow over the pretty affair. An excellent varied program of dance music was furnished by the Anderson orchestra and more than fifty couples spent a delightful evening, dancing. Guests from Indianapolis, Shelbyville, Greensburg, Connersville, Knightstown and Richmond were entertained.

The home of Mr. and Mrs. E. R. Casady in West Tenth street was the scene of a prettily appointed social affair at noon today when Miss Phyllis Casady entertained with a twelve o'clock luncheon. In the dining room where the luncheon was served, a dainty color scheme of yellow and white was suggested in the center decoration for the table, which was a plateau of yellow roses mingled with white summer blossoms. Covers which were marked by hand painted cards, were laid for the Misses Janet Denn, Helen Thomas, Josephine Scholl, Leatha Higgins, Marguerite Kelly, Mary Louise Wyatt and Elizabeth Pierson.

Among the delightful social affairs being planned in honor of summer visitors this week, is the weekend house party at the home of Mr. and Mrs. Hal Green north of the city where their daughter, Miss Alliene Green, is entertaining. The guests include Miss Margaret Wolton of Clarksburg, Miss Mary Oldham of Newcastle and Miss Beulah Meredith of this city.

The members of the Happy-Go-Lucky club were entertained yesterday afternoon by Mrs. Will McMillin at her beautiful country home near Gings. The afternoon was spent in sewing and a general social time, at the close of which a splendid course dinner was served at six o'clock. The table was centered with a beautiful bouquet of yellow daisies.

The regular meeting of the Catholic Ladies Aid society, was held yesterday afternoon at the home of Mrs. Katherine Jones in West First street, with Mrs. John Jordan as assisting hostess. The afternoon was spent sewing for the Red Cross at the close of which a short business session ensued, and the regular business was transacted.

Miss Blanch Bunyard, daughter of Mr. and Mrs. John Bunyard of this county, and Paul G. Dawson of Indianapolis, were married in Connersville yesterday by the Rev. U. G. Abbott of the Main Street Methodist church of that place. They will reside in Indianapolis.

Miss Pauline Gosnell entertained at her home last night with an informal dinner in honor of a few guests from out of the city who came for the dance. Covers were laid for Miss Lucile Jackson, Frank Fisher, George Flohr and Ray Bird of Shelbyville and Miss LaVerne Conway of this city.

—Joseph Cowing was a business visitor in Richmond yesterday.

WHEAT SUBSTITUTION DEMONSTRATION HERE

Miss Reba Smith of Purdue Will Lecture to Rush County Women During Two Day Session

MEETING IN COURT HOUSE

Miss Reba Smith, a member of the Purdue demonstration department, will give a wheat substitution demonstration to Rush county women, June 28 and 29 in this city.

The engagement was made at the request of the woman's section of the defense council under the direction of Mrs. A. L. Stewart and of the county economics society, of which Mrs. Burl Matney is chairman. The approaching demonstration course is one in which every woman in the county is vitally interested as it deals with the best methods of using wheat substitutes without incurring the losses which many women sustain because they are not proficient in the art of combining wheat flour and the wheat substitutes. The demonstrations will be held in the court house, and during the two days' course four lectures will be given, one each morning and each afternoon.

KEEPING UP THEIR STUDIES

Medical Students Here Continue Work as Government Advises

In co-operation with the request of the government that medical students continue their studies during the summer in order to complete their courses and receive medical degrees preparatory for active service in the army and navy, Rush county medical students are continuing their studies during the summer months as has not been the custom formerly. Vernal Casady and Herbert Inlow, two Rush county student physicians and continuing their work in medical universities preparatory to a more speedy entrance into the medical service of the army.

Amusements

Double Bill at Princess
A big double bill opened at the Princess today with Charlie Chaplin and Jack Pickford dividing honors. Chaplin is appearing in what is said to be his greatest success, "A Dog's Life," and Pickford is playing the part of Bunker Bean in "His Majesty Bunker Bean", which is adapted from the novel and play by the same name. The big spectacular production, Maeterlinck's "Blue Bird," which has appeared on the legitimate stage frequently, will be at the Princess Monday and Tuesday.

—Dan Spivey has gone to Indianapolis for a short visit.
